

Commercial & Power Plants BNT series

BNT
9.9 kW

ATON
~~~~ SERIES

# Smart | Safety | Efficient

The Afore BNT Series Three-phase string inverters are designed for residential and small commercial PV system applications, rating from 3kW to 25kW. All models have unibody housings with aluminum structure which is anodized, increasing durability and effectively prevents corrosion. Equipped with external inductors, the unibody housings can ensure efficient heat dissipation, which significantly improves the reliability and extends the life of the inverters.

Communication implements are via the Wi-Fi module (can be changed to Ethernet / GPRS). Check the system status anytime and anywhere via online portal or APP.

Quick Arc Fault circuit interruption (Optional)

WIFI standard

Compact design

Multiple intelligent protections

Compatible with bifacial modules

String level monitoring

**MPPT Range**  
Wide MPPT Range

**PV OVERRSIZE**  
1.5 Times PV Oversize

**Max. 1100v**  
Max. DC 1100V

**UNIBODY**  
One-piece  
Aluminum Housing

**PROTECTION**  
Build-in SPD Type II

**SMART**  
Smart IV Curve Scanning

**UPDATE**  
Remote Firmware Update
